EDUCATION

The Catholic University of America | Washington D.C.

Anticipated May 2027

B.S. in Computer Science, Minors in Mathematics and Philosophy / GPA: 3.95

- **Relevant Courses:** Web Design & Programming, Data Structures, Software Engineering, OO Programming, Computer Networks, Database Management, Calculus I & II, Linear Algebra, Discrete Mathematics
- **Honors:** School of Engineering Dean's List (each semester), Phi Eta Sigma Honors Society

TECHNICAL SKILLS

Languages: TypeScript, Java, SQL, Python, Vanilla JavaScript, HTML, and CSS

Tools and Frameworks: Node.js, React, Docker, Claude Code, DataGrip, Postgres, Snowflake, NeoVim, Jest, Zod, Jira, Git

RELEVANT EXPERIENCE

VideaHealth | Boston, MA

May 2026 - Present

Software Engineering Intern

- Engineered and presented a responsive customer engagement metrics dashboard to stakeholders using Snowflake for data access, TypeScript API routing, and React + TanStack Query for the front end, improving the product's market appeal and saving the company over \$35,000 by deprecating the old engagement service.
- Refactored 12+ duplicate API endpoints and removed unused dependencies in the company's admin backend, consolidating into shared components and reducing time to ship new admin features.
- Reviewed code, joined sprint planning, and worked with product managers and senior engineers on design decisions, all within an Agile development cycle.

TransPerfect | Maynard, MA

June 2025 - August 2025

Software Engineer Intern

- Delivered React + TypeScript Google Maps location search features through direct client meetings, improving workflows for a team of 15+ employees by helping them identify translators in their area.
- Worked closely with senior engineers, joined in on sprints, collaborated with other interns on debugging and side projects, and learned high-quality software development principles and practices.

Catholic University Office of Campus Ministry | Washington D.C.

September 2024 - Present

Office Assistant

- Contributed to Campus Ministry website updates as needed, optimized office procedures, and coordinated event details directly with students, staff, and visitors to maintain efficient operations.

PROJECTS

Carl Schmitt Catalogue Raisonné | Carl Schmitt Foundation

May 2026 - Present

- Began compiling and refining many years of scattered data sources by painter (and personal relation) Carl Schmitt into a single source of truth Postgres database.
- Built a Postgres-backed Carl Schmitt catalogue (browse/detail + admin) as a single Next.js app deployed on an AWS EC2 with GitHub Actions, continuing to work with Foundation board to ship the features they request.

LEADERSHIP EXPERIENCE

Sebago Leadership Camp | Russell, MA

June 2020 - June 2025

Head Counselor

- Promoted to serve as Head Counselor after three years as a Senior Counselor.
- Led a team of eight staff in planning and executing camp programs and activities and mentored campers.
- Collaborated with camp administrators to design initiatives aimed at the future growth of the camp.
